

Former County warden appointed to Algonquin Forestry Authority

Arthur Locke, for 29 years a councillor and reeve in the Township of McClintock, Sherborne and Livingstone and a businessman at Dorset and also former warden of Haliburton County has been appointed to the membership of the Board of Directors of the Algonquin Forestry Authority. The announcement was made by the Honourable Leo Bernier, Minister of Natural Resources.

The Algonquin Forestry Authority is a Crown Corporation established by an Act of this Legislature to undertake and to carry out land management and forest harvesting in Algonquin Provincial Park to replace logging operations now

being carried out by 18 separate companies.

The Algonquin Forestry Authority will harvest forest products under a volume agreement with the Ministry of Natural Resources to supply industries presently dependent upon the forest resources of Algonquin Provincial Park within constraints to be established by my Ministry.

The Authority will pay all normal stumpage, forest protection and forest management charges established by my Ministry for the industry as a whole. It will be supported by a staff of professional foresters and forest technicians and a general manager.

William Scott says:

Increased sales tax will harm tourism

Boat and motor builders and pleasure boat sales outlet are facing a bleak new year in the opinion of William C. Scott, MP for Victoria-Haliburton.

Referring to the Liberal government's budgetary proposal to increase the federal sales tax on boats by 10 per cent, Mr. Scott told the House of Commons acting speaker "Already I have been told by businessmen in my riding that they have had cancellations of orders for boats since the budget was tabled in November, and I have been told that the 10 per cent tax will result in cut-backs instead of expansion in the tourist industry in my riding. I know that the minister will insist that people are over-reacting to the tax, but I can assure him that these business people know what they are doing and what they are saying. They tell me, for instance, that a boat that cost \$6,995 last year will cost \$10,000 in the coming year, taking into account the effect of inflation and the new 10 per cent sales tax. This is something I can understand."

Mr Scott went on to say "I would like to remind the minister that we are actually talking about a 22 per cent tax on boats and motors, as the new tax of 10 per cent is in addition to the federal sales tax of 12 per cent. The minister implied in his budget speech that this tax would have the effect of conserving fuel. I simply cannot accept this argument as a good enough reason to impose a crippling tax on a Canadian industry that is trying just to hold its own."

"Fuel consumption by pleasure boaters represents only a small fraction of total consumption in Canada today and yet pleasure boating is a very large factor in attracting Canadians and Americans to our vacation and recreation areas. In fact both federal and provincial

tourist agencies encourage people to bring their boats to our vacation areas.

GIVES ADVANTAGE

"One other effect of the add-tax is to place importers of American-built boats in a position of competitive advantage over distributors of Canadian-built boats. The effect of this will be felt throughout the industry, in manufacturing, wholesaling and retailing of boats and motors. While the minister might suggest increasing taxes on imported boats, that is not the answer, Madam Speaker. Our people in the tourist industry do not want retaliation against outsiders, they want help for their own industry."

On page eight of his budget speech the Minister of Finance Turner said, and I quote:

The fiscal stimulus should come primarily from a further cut in taxes.

And in the same paragraph, he said:

I believe that tax cuts can help to reduce prices directly or indirectly and thus slow down the upward momentum of inflation.

SHOCKING

"The minister did not say exactly what tax cuts he was referring to, but I say that a reduction in the sales tax on boats and motors would make a lot sense. Instead of that, though, we find that the minister has increased the tax on boats and motors. When we add the increase in inflation over the past year of 13 per cent, and the additional 10 per cent sales tax, we see that the boat builders and marina operators are faced with a cost increase in the coming year of at least 23 per cent. This is shocking, Madam Speaker, especially when the boat and motor-building industries were expecting a reduction in taxes, along the lines of the 7 per cent reduction in taxes on

NORM MAIDENS

Well-known citizen dies

One of Minden's well known citizens Norm Maidens passed away at the Red Cross Hospital in Minden on Monday afternoon. The deceased who was in his 62nd year was the beloved husband of Mary Watt.

The late Mr Maidens, who was retired from the Ontario Hydro, had a friendly

personality and was well liked by all who knew him.

He was always interested in newspaper work and right up to the time of his death he wrote a weekly column for the Minden Progress.

A Memorial Service was held on Wednesday at St. Paul's Anglican Church in Minden at 2 p.m.

Win first game

Monarchs start New Year on right foot

The Minden Monarchs rang in the New Year with their most impressive effort of the season and came away with a 4-3 victory over the visiting Schomberg Kings.

This, incidentally, was Minden's first victory of the season, before about 350 fans in the Minden arena last Friday night.

The Monarchs came out hitting and this no doubt was a big contributing factor to their success. During the first period the Monarchs killed off four minor penalties while surrendering a late goal while the teams were at full strength.

Sherdon Kellett opened the fireworks in the second period when he decisioned W. Brown of Schomberg in front of the visitors net. Both players received double roughing minors. Just over a minute later Doug Ray received a five minute high-sticking penalty, but the Monarchs forechecked tirelessly and killed it off successfully.

The great skating and checking effort of Minden's

forwards allowed defence-men Scott Larue, John Parish, and Bob Woodcock to provide hitting at the home side's blueline and nullified many Schomberg rushes. Parish received a 10-minute fighting major for earning a clear judgement over an unidentified enemy player. During this penalty Mike McElwain and Bob Woodcock assisted Mike Jackson to score Minden's first goal.

Then while playing short-handed, Jeff Campbell drove in Mike McElwain's centering pass to put the Monarchs ahead 2-1 and begin a string of three consecutive goals. Bob Woodcock from Rick Dunsford and Bill Watson increased the lead by two goals while three minutes and seven seconds later Dunsford scored what proved to be the winning goal on assists by Jack Raymond and Watson. Before the period ended Dunsford and Campbell both had drawn 10-minute fighting majors and the visitors had scored

their final two goals, the last one about a foot and a half offside.

Minden picked up a total of 54 minutes in penalties while Schomberg only had 26 minutes.

Huskies down Newcastle

The Haliburton Travelways Huskies easily defeated the visiting Newcastle Club in the only Huskie game played on the weekend.

Mark Schell scored his first goal of the season at the two-minute mark of the first period when he beat the Newcastle goal tender with a 40-foot slap shot.

Tim Curry, Rick Wood and Bev Hicks, also scored first period goals.

Newcastle scored two goals within 30 seconds to end the first period with the Huskies leading 4-2.

The second period was all Haliburton as they scored four unanswered goals. Mike Good, Ernie Bain, Bev Hicks

Richard Calvert the driver of the other car was taken to the Ross Memorial Hospital in Lindsay with fractures.

Damage to the two vehicles was estimated at \$2000.00 each.

Dr. H.E. Good of Haliburton was the coroner.

Husband and wife killed in accident near Miners Bay

Two people were killed and four others were injured in a head on collision on Saturday night, January 4 at 6:55 p.m. on Highway 35 (1.2 miles north of Davis Lake Road) near Miners Bay.

Dead is Laurence F. Dagg, age 43 of 33 George St. E. Lindsay and his wife Jean Dagg, age 42.

The Dagg Car was southbound on Highway 35 and the other car driven by Richard H. Calvert age 18 of 69 Angeline St. S., Lindsay was northbound on Highway 35. The two vehicles collided in the northbound lane.

The three Dagg Children who were riding in their parents car at the time of the accident were all injured. Daren Dagg, age 10 is in critical condition at the Sick Childrens Hospital in Toronto. Lee Anne Dagg, age 8 is in the Ross Memorial Hospital in Lindsay suffering from fractures, multiple cuts-bruises. Wayne Dagg, age 16 was taken to the Red Cross Hospital in Minden with cuts and bruises.

Hart Lodge given loan

It has been announced by the Ministry of Industry and Tourism that an Eastern Ontario Development Corporation Tourist Term Loan in the amount of \$130,000 has been approved for Eileen I. Crawford, R. R. #2, Minden who operates Hart Lodge.

Funds will be used for overall improvements to facilities to add a swimming pool, construct a tennis court, install private bathroom and refurbish guest rooms.

The Monarchs next game is this Friday in Minden at 8:45 p.m. with the visitors coming from Fenelon Falls. Then Minden travels to Bradford, Tuesday night, for an 8:15 p.m. start.

and John Wilson were the marksmen.

In the third period Larry Robinson scored at the three-minute mark and then late in the game with the Huskies two men short, Rick Wood scored an unassisted goal and scored his third of the night in the last minute of the game on a pass from Larry Robinson.

The Huskies received 48 minutes in penalties compared to 26 minutes for Newcastle.

This Friday night the Huskies travel to Bobcaygeon and then host Bancroft on Saturday night. The Huskies are presently in second place only one point ahead of Bancroft.

News Letter

The Rotary Club of Haliburton held their Millionaires night in the Arena Auditorium last Thursday night with a big turnout of members and several guests.

Forty-eight people came to the Academy Theatre in Lindsay on a recent Sunday afternoon to sit in the theatres reception room and listen to folk singing by Debby and Mark Chamberlain and Tammy Blaicher of Little Britain, and Blair Smith of Stouffville. The crowd nearly filled the small recital hall which will hold about sixty people.

It was back to school on Monday for the students of Haliburton County after two weeks Christmas vacation.

When you're driving and you hit an unexpected patch of ice, don't try to brake, accelerate or steer, warns the Ontario Safety League. Maintain speed and let your vehicle "roll" through the slippery area.

May we remind you that overnight parking will not be permitted on Snow Plow Routes in the Municipality of Dysart et al. Offenders vehicles will be removed with the wrecker and all costs recovered from the owner prior to release of the vehicle.

Pledge sheets for Snowerama which will be held on February 2 are available at Vance's Shell Service, Cliff Dawson Insurance Agency, Driftwood Restaurant, Lymburner Ski Doo Sales in Haliburton and at Prentice Roads and McKnights Shell in Minden. So now is the time to drop into any of these business establishments and pick up your pledge sheets. It won't be too long before February 2.

Week of Prayer services conclude to-night (Thursday January 9) when Dr. Frankling will be the speaker at St. George's Anglican Church in Haliburton.

The Inaugural meeting of the 1975-76 Township of Glamorgan Council was held in Gooderham on Monday.

Red Cross reminds you: Snowmobiles are land vehicles and should be kept on land surfaces. If it is essential to take a snowmobile over an ice-covered pond, lake or river the minimum safe ice depth is eight inches. Stay close to shore - a longer distance around is safer in the long run.

Our congratulations to the Minden Monarchs who started the new year off on a winning note.

Haliburton got some good news coverage on a TV programme on CFTO on Sunday night with a trip to Browndale which is in our area.

We notice some snowmobilers making the trip across Head Lake at Haliburton. May we remind everyone that the lake is not safe at the present time and we will have to have more cold weather in the future to make it safe. Just hold your horses cold weather is ahead.

A speedy recovery is wished to two of our friends Lorne (Archie) Morrison who has returned home following an operation at St. Joseph's Hospital in Peterborough and to Wilfred (Diddle) Crarey who is a patient at the Civic Hospital in Peterborough following an operation.

The Haliburton Arena is a hive of activity this winter. The building is busy every night of the week and the Haliburton Minor Hockey Association is in full swing. You can give these young and coming hockey stars a big lift by going up to the arena and watching them play.

We don't know whether you have noticed or not there is a big opening in the ice due to the current where the Drag River meets Head Lake at Haliburton. This year but for some reason its bigger than ever and is running closer to the Rotary Beach. Some people seem to think that its due mainly to the fill that has placed to make a park near the site of the former Bailey's mill. We urge all snowmobilers or those on foot to keep away from this area.

We are sorry to report that George Brooks former owner of the Beaconbrook Hotel has been in the Newmarket Hospital for two weeks suffering from a serious illness. His many friends here wish him a speedy recovery.

The following are the winners of the Christmas draw held at Cliff Newbatt Appliances. Winner of toaster was Mr. Stata and the winner of the turkey was Mrs. Fred Dean.

Along the Trails

By Roy Bates

The operators of golf courses go to great expense each year seeding and tending the fairways and greens. In many cases an elaborate system of drainage tiles is installed just below the surface to carry away excess water so that golfers may be accommodated soon after each summer rain. When snowmobiles are driven over the course, the compacting of snow allows frost to penetrate, usually resulting in lifted tiles and an expensive repair job in the spring.

The owners of the Haliburton Highlands Golf Course have very kindly consented to the use by snowmobilers of a roadway which runs alongside the course, and which provides an excellent link between Highway 519, at the MacDonald farm near Gould's Crossing, and County Road 2 and Kashagawigamog Lake. This is, in fact, the best possible off-road connection from Kashagawigamog to the popular Tom Cowen Trail. It will be available to us only so long as we snowmobilers respect the fact that it is a private road, and **STAY OFF THE FAIRWAYS.**

Over the recent holiday, several inconsiderate riders made tracks all over the course. They are reminded that, if caught there again, they can be prosecuted for trespassing and charged with the cost of repairs. And the trail will be closed.

We have been informed that logging operations along the Hydro Line Trail to Whitney make that trail unsafe for travel on weekdays. Ride on weekends with caution.

Trail clearing by volunteer work parties has continued through the Christmas holiday. With sufficient snow now, and more coming, grooming operations should go into high gear. While we wait for slushy lakes to stiffen up, it is hoped that overland routes will get a good going over.

The New Year's Snowball held December 28th in the Legion Hall, Haliburton, was another very successful H.C.S.A. dance. Net proceeds are reported to be in the area of four hundred dollars. These dances have turned out to be the most effective of all H.C.S.A. fund-raising efforts. Another one will be scheduled soon.

Snowerama is now only a few weeks away. If you have not picked up your pledge sheet yet, please do so soon. Help us to make the Haliburton County ride one of the best in the Province. And pray that all slush will be dried up before February 2.

We note that several fine eating places are going all out to serve snowmobilers. Gelert Gardens is a favoured stopping place on trails leading from Minden, Irondale Donald and Haliburton. At Haliburton Lake, (Fort Irwin) Bayview Birches and the Fort Irwin Grill will take care of your hunger. Jim and Shirley Lackey, of Bayview Birches, will cater the hot lunch for Snowerama. At least, for riders out of Minden. Other arrangements may be made to feed the Haliburton starters. And as usual, the Cookhouse at Haliburton Forest and Wildlife Reserve will be a popular place to meet over hamburgers and coffee.

Finally a word about safety. In my opinion the lakes are not yet ready to ride. Too little frost before the snow came, and with several inches of insulation over such ice as there is, there will not be good ice until the slush comes to the top and freezes. Play safe, keep off, and stay alive. Be extremely cautious on snowplowed roads. The Municipality will tow away cars parked overnight. Don't try to push them off the road with your snowmobile.

Haliburton Curling Club hosts seniors playdowns

On January 3, 4 and 5 the Ontario Curling Association Seniors playdowns began with the Fenelon Falls rink of Ted Shea (skip), Bill Weaver (vice), Jack Featherstone (second) and Will Shea (lead) qualifying for the inter-district playdowns in Brighton next week.

Seven rinks were in the competition including Haliburton C.C., Lakefield C.C., Lindsay C.C., Peterborough C.C., and Peterborough Golf and C.C. as well as the winners.

The Haliburton C.C. rink was made up of Tom Stinson (skip), Lester Walling (vice), Jack Hunter (second) and Walter Webb (lead).

This was a double-knockout competition and Fenelon Falls went through the winners bracket to meet Lakefield from the losers bracket on Sunday afternoon. Lakefield won this game 12-4 forcing a second game Sunday evening which

was won by Fenelon Falls 10-5. The Lakefield rink was made up of Ed Richardson (skip), Jack McKenzie (vice),

Bob Florence (second) and Allan Graham (lead). Seniors rinks must be over 50 years of age with a

total age of 210 years and there was a great deal of excellent curling throughout the competition.

OPP reports 11 cottage break-ins

The OPP Minden report that from the December 30 to January 6 at 8 am there were 12 motor vehicle collisions reported and 59 general occurrences reported to the detachment.

There were five charges laid as a result of Liquor Control Act violations, seven charges laid as a result of Motorized Snow Vehicle Act violations.

Of the 59 General Occurrences reported, there were 11 cottages which had been broken into.

Elwood H. Barry, age 19 of Minden has been charged with failing to share half the roadway in an accident which occurred on Highway 121 just east of Highway 35 on New Year's day at 4:30 p.m.

Graham L. Bowker, age 32 of Clinton, driving a Chev Station Wagon was southbound approaching a curve to the left. A Dodge car driven by Elwood Barry was northbound on curve and slid into the other lane. The two vehicles sideswiped in the southbound lane. Elwood Barry received a sore neck due to the accident.

Damage was estimated at \$800 to the station wagon and \$1000 to the Barry vehicle. Minden OPP officer R.W. Pearson investigated.

Alberta White, age 43 of Tory Hill, Ontario has been charged with careless driving and failing to remain at the scene and give particulars when the car she was driving westbound on Highway 121 (west of Essonville Rd.) on Sunday, January 5 at 12:40 p.m. ran into the rear of a car parked on the north shoulder.

Damage was estimated at \$500.00 to the White car and \$800.00 to the parked auto. Minden OPP officer W.A. Bibby investigated.

Letters to the editor

Dear Sir:

What has happened to our mail delivery system?

We have had so many co-called improvements in our Postal Services lately one would naturally expect an overall speed up in mail delivery. My personal experience may be worthy of mention.

My first subscription to the **Echo** was fifteen or more years ago. At that time I received my paper in Metro Toronto occasionally on the day following the day of publication, but more often on the second day, Saturday. I mentioned this fact to the then Editor, Mr. Feir. He said, "You're lucky, some Toronto people don't get their **Echo** until Monday." A year or so later my paper also began to arrive on Monday. A bit later it came on Tuesday, then on Wednesday until now when I very seldom receive my copy before Thursday, when the paper is one week old. Now, to set some kind of a record, the **Echo** dated December 12 was delivered on Saturday the 21st. The distance approximately 125 miles.

Away back in the years 1912-13 I lived in the Caribou District in inland British Columbia where all mail was delivered in horse-drawn vehicles. The one stage coach driver, using several changes of horses, would deliver the bags of mail well over one hundred miles in one day. I'm not suggesting that we go back to horse delivery but surely we should be able to at least equal their speed.

The British Columbia Express, "B.X." for short, had an amazing system; they must have had hundreds of small horses, or cayuses, as they were called. The distance from Ashcroft on the C.P.R. to Barkerville, the sight of a large hydraulic gold mining operation, was well over four hundred miles. The four-up of horses was changed about every fifteen miles or less. The driver didn't leave his seat, the fresh set would be waiting and an attendant would make the change in almost no time and they would be away on the gallop. The horses worked back and forth over the same short portion of the road and the drivers did the same over their allotted section.

As many as six persons could be squeezed into the coach and if there were more, a couple could sit up front with the driver and enjoy the weather whatever it happened to be. They carried not only passengers and mail but also various parcels of merchandise including, on the return trip, a considerable amount of gold and other valuable minerals from the various mines, large and small.

All heavy freight to supply the numerous mines and ranches was carried on wagon trains. A typical train consisted of three

wagons hitched closely together and drawn by six or eight horses. Wagons were specially built, in Woodstock, Ontario and the "Pay Load", on the two front wagons, about fifteen tons. The third wagon, an ordinary eight farm vehicle, carried the drivers bed, etc. horse feed and in a special well, Kerosene. This well was placed in such a way that a leaky can would spill onto the road without causing other damage. The only manual control over the well-trained horses was by a single-jerk-line attached to the halter of the lead horse. Naturally a good lead horse was worth a lot of money, around five hundred dollars or more.

All this type of activity came to an end when the Grand Trunk Pacific railway, now the Canadian National was completed to Prince George.

Sincere wishes for a Happy and Prosperous New Year.

Very truly yours
James F. McCrackan

Dear Sir:

Except for an obvious mix-up in the Christmas mails I would probably have written this letter a week earlier. You see I received the Dec. 19th issue a week ago and the Dec. 12th issue just to-day. Now that I have the papers in the proper sequence I would like to take issue, albeit mildly, with your correspondent from Hall's Lake. In both issues of your newspaper he/she has made comments which annoy me just a little: Dec. 12th, "Tourists are taking a lively interest in this election". and Dec. 19th, "Napier Simpson Jr. and John Tomlinson are the other two councillors and both will have quite a drive to get to regular and special committee meetings. A few years ago certain parties thought Minden was too far away for a person to represent us on local council but now Toronto is okay."

To me, these statements typify the apparent attitude of so many of the (for want of a better word) **permanent** residents of the hundreds of townships making up the cottage areas of Ontario. Obviously it is quite alright for the "tourists" to contribute their tax monies (dollar for dollar with others enjoying the

same environment) but we must never expect to have a say in just what happens to those dollars, even if the contribution amounts to eighty or ninety percent of the tax revenues. Sounds almost like the Boston Tea Parties all over again, doesn't it?

Personally, I was thrilled with the results of the election in Stanhope. I have been a resident of the township since 1953 and this is the first time anyone running for office has travelled all the way to Toronto to a "meet the candidates night" as I have been doing in reverse all those years in attending similar "nights" held in Stanhope. I would suggest to your correspondent that he/she stop classifying cottagers as "tourists" and begin considering them in the same way as all taxpayers and contributors to the economy of the area should be considered. A glance at the real estate ads in your paper with prices on cottages ranging anywhere from \$5000 to ten times that amount or more should convince anyone of the sort of stake these "tourists" have in the community.

Thank-you for allowing me the privilege of expressing my viewpoint.

Yours sincerely,
Arthur Wall

Dear Sir:

At this time of the year, I would like to express to you on behalf of the Arthritis Society, my grateful appreciation for your support through the medium of the Haliburton County **Echo**.

The publicity you give us each year is of great benefit in assuring the success of our campaigns as well as informing the public about Arthritis.

The information offers hope to those afflicted with the various forms of these diseases, and a brighter future for those generations yet to come, through research into the control of Arthritis.

Trusting we may continue to merit your interest and concern.

Yours sincerely

Chamber of Commerce optimistic

Larry Perrott, manager of the Haliburton Highlands Chamber of Commerce in his latest newsletter to the members stated that although we entered 1974 with some concern for the Chamber's future, we are entering 1975 with an optimistic view of greater things ahead for the Highlands and a feeling of accomplishments in our centennial year.

The manager went on to say that we must not dwell on the past, for suffice it to say your Board of Directors and their committees have been busy, and often times their volunteer time and efforts go unrecognized by the membership, - but remember "Nothing just happens" - someone has to do something.

In this letter he told the members that there is a new name to remember and its (COTA) Central Ontario Travel Association.

COTA now in its formative stage will combine the following regions into one

Association for joint promotional activities: Haliburton Highlands, Kawartha Lakes, Great Pine Ridge, Lake Simcoe, Quinte Isle, Highlands of Hastings and Land o' Lakes.

The Ontario Government through M. I. T. will fund COTA to the extent of \$75,000.00. Of this amount \$30,000.00 is the administrative grant and will be split among the seven regions. The other \$45,000.00 is for promotional purposes and is provided on a 25-75 matching basis, meaning that the seven regions will have to raise \$15,000.00 to qualify for the \$45,000.00 Government grant. This will give COTA a promotional budget of \$60,000.00. As mentioned before, the Association is just being formed and there are many unanswered questions as yet, but we are certain there will be benefits to the Haliburton Highlands of a promotional nature.

Battle of the bulge underway

The battle of the bulge is on. Two members of the Rotary Club of Haliburton namely Joe Iles of Curry Motors Limited and Art Ward of Wig-A-Mog Inn have decided to go on a diet in the hopes of taking off a few pounds. To prove how serious they are about this matter they have each put \$100.00 on the line to see who can lose the most weight by the time that the Haliburton Winter Carnival rolls around at the end of February.

The weigh in took place at the Rotary Clubs Millionaires night held at the Auditorium of the Haliburton Arena last Thursday night. Dr.

Harry Good was on hand with his scales and gave out the results as Joe weighed in at 239 lbs. and Art tipped them at 253 lbs. They will be weighed again during Winter Carnival time when the results will be known.

Going on a diet for both of these men means a great sacrifice as they are both known to be big eaters.

It's hard to predict who will win the bet but there is one thing that we do know and that is that the food bills should be cut drastically in the Iles and Ward households.

Provincial Court

Provincial Court was held at Minden on December 17th with several cases on the docket.

Mabel Eileen Bacon age 47 of R.R. 1, Haliburton was

Drunken driver fined

found guilty of impaired driving and was fined \$125.00. She was also fined \$105.00 for failing to remain at the scene of a collision. The offence took place on

December 3rd, 1974.

James Bruce McKay age 54 of Haliburton paid a fine of \$305.00 when he was found guilty of care and control of a vehicle while his

ability was impaired. The offence was on August 22, 1974.

Wayne P. Hogan age 18 of Highland Grove was fined \$100.00 for having liquor in a place other than his residence (was in vehicle).

Keith Gary Palmateer of 54 Banmoor Blvd, Scarborough, age 16 was found guilty to an offence which took place on June 28th, 1974. No lights on a vessel at night, minor personal injury collision on Kennis Lake. Sentence was \$105.00 and he is prohibited from operating a vessel anywhere in Canada for 1 year.

Robert Wm. Lawrence Summers of 76 Lawson Rd., Toronto, age 16 guilty of taking vessel without owners consent, mislead police officer and failed to appear for court. He gave his brothers name as his own misleading the officer and this led to a non appearance in court. Warrant was issued and R.L. Summers brother David Bruce was arrested. D.B. Summers was released by Metro Toronto once error realized and R.L. was arrested shortly after.

Notice:

Employers and Employees New Employment Standards Act

Effective January 1, 1975 the new Employment Standards Act covers the existing standards: minimum wage, vacation pay, overtime pay, termination pay, collection of wages and provides for:

Public Holidays

Employees are entitled to seven paid statutory holidays; New Year's Day, Good Friday, Victoria Day, Dominion Day, Labour Day, Thanksgiving and Christmas Day. (Conditions and exceptions apply in certain situations.)

Overtime Pay

Overtime pay at time and one-half the regular rate for hours in excess of forty-four in a week.

Equal Benefits

The Equal Benefits provision will be brought into force at a later date.

Pregnancy Leave

Pregnancy leave is extended to seventeen weeks for employees with one year's service or more and covers all employers having one or more employees.

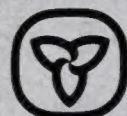

Transportation

The Act no longer requires an employer to provide transportation for female employees finishing or starting work between the hours of midnight and six o'clock in the forenoon or prohibits females under 18 working after midnight.

These are the principal amendments and changes to the Act.

For detailed information regarding exemptions and application of the standards contact your nearest Ministry of Labour office.

Gems of Truth

WHEN WAS HE RICH?

The controversy of the Virgin Birth of the Lord Jesus has engaged the attention of man for years on end. There was a time, when all who professed to believe on the Lord as Saviour and claimed to be Christians, accepted the fact of His Virgin Birth without question or reservation. They accepted it because they believed the Bible. To them the Scriptures were the Word of God, authentic and authoritative, so, since the Scriptures recorded the fact that Christ was born of a virgin, they believed it, accepted it, and that settled it.

This, however, is no longer the case. There are many these days who deny the Virgin Birth of our Lord, both religious and skeptics. They have grown to be wiser than their forefathers and hence can no longer accept what they so firmly believed.

The Virgin Birth of the Lord Jesus is however not a fable, but a fact. It is not a human theory but a matter of Divine Revelation. It is found not only in one or two indefinite Scriptures, but in a number of perfectly plain utterances. Among the first

is the declaration of Jehovah God in that acorn promise and prophecy of a Redeemer in Genesis 3:15.

Here it was announced that the woman's Seed should bruise the head of the serpent. Since it is a biological fact that the woman has no seed but it is deposited by the male, this announcement therefore refers to none other than the supernatural conception of Jesus by the virgin called Mary. Matthew 1:20-23.

The prophet Isaiah predicted this event some 700 years B.C. and said "a virgin shall conceive and bear a son" Isaiah 7:14. His Name shall be called "the Mighty God, the Everlasting Father" Isaiah 9:6. Many New Testament pages verify the accomplishment of this fact in passages like; Luke 1:35, 43-47, John 1:14, Romans 1:13. Jesus Himself referred to it in statement upon statement when He said "I came down from Heaven" John 6:38, "I am from above" 8:23, "I proceeded forth and came from God" verse 42, "Before Abraham was, I am" verse 56-58. "I came forth from the Father" 16:28, "The glory I had with Thee before the world was" 17:5, "I and My Father are

One" 10:30 also chapter 5:17-18.

Truly this evidence should convince the learned and unlearned that the Saviour born is the Eternal One and alone able to give salvation to the most needy sinner. 2 Corinthians 8:9 gives a clear answer to any doubter when it says "For ye know the grace of our Lord Jesus, that, though He was rich, yet for your sakes He became poor, that ye through His poverty might be rich".

When was He rich? Was

He rich when He was born in a stable? Was He rich when He said "The foxes have holes, and the birds of the air have nests, but the Son of Man hath not where to lay His head". Surely all God's true children know the answer, in Eternity past, before the world was and it should settle forever any doubt concerning the Virgin Birth.

Howarth - Improvement District of Bicroft; Malcolm McGillivray - Cardiff; Roy Brohm - Municipality of Dysart et al; Norman Locke - Glamorgan; Robert Beeney, Lloyd Walker - Lutterworth; Gary Agnew, Keith Tallman - Monmouth; Arthur Lock, Douglas Russell - Sherborne, McClintock & Livingstone; Robert Vick - Snowdon; James Harrison - Stanhope.

Warden Fearrey declared the meeting open for business. He paid tribute to the late Past Warden Clayton Rogers, and announced a change in date of the Inaugural Session in January from the regular third Wednesday to the date prescribed by the Statutes, Tuesday, January 21, 1975.

That the Minutes of the Meeting of November 20, 1974, be approved as circulated. Carried.

Finance Chairman Reginald Booth reported all accounts found to be in order at the preceding Finance Meeting, and recommended passing a borrowing by-law to reflect the additional funds available on the 1974 operation, since the by-law of January 1974 was based on 1973 receivables.

That payment of accounts be approved in the amount of \$37,953.45, representing cheques numbered 581 to 683 inclusive. Carried.

That By-law 927, having been read a First time, be

considered read a Second and Third time, passed, signed and the Corporate Seal attached, being a by-law to authorize the borrowing of funds within the 1974 budget. Carried.

A list of correspondence was circulated, from which the Clerk was requested to read the following letters: Ministry of Housing - Agricultural Code of Practice for Ontario.

Association of Counties and Regions of Ontario: re. application for Membership. Township of Glamorgan - Recommended minimum level for Contau Lake Township of Glamorgan - Resolution reference L.I.P. and effect on Property Tax Stabilization Grants.

Haliburton County Economic Development Commission: report of meeting. Haliburton Highlands Chamber of Commerce: copy of letter requesting Hon. Claude Bennett to visit Haliburton County. Contents of letters from the Ontario Association of Rural Municipalities and the Victorian Order of Nurses were mentioned.

That the Correspondence Committee ask County Council to concur with letters as presented and read. Carried.

Mr Grenville Martin made a presentation to County Council as a sequence of a request made previously to Council for support in obtaining a licence to operate the new Chipper Kanton Mill, and outlined the proposed operation with statistics of raw material required, daily anticipated production, employment, and general effect on economy.

That By-law 928, having been read a First time, be considered read a Second and Third time, passed, signed and the Corporate Seal attached, being a by-law to appoint a member to the Land Division Committee of the Provisional County of Haliburton. Carried.

County Engineer Jack Cox explained circumstances of proposed by-laws as

recommended by the Road Committee.

That By-law 929, having been read a First time, be considered read a Second time, being a by-law to obtain registered title to the road allowance for County Road #10 as shown on Plan 19R609 in the name of the Corporation of the Provisional County of Haliburton.

Haliburton County Council

Carried.

That By-law 930, having been read a First time, be considered read a Second and Third time, passed, signed and the Corporate Seal attached, being a by-law for the purpose of restricting the weight of vehicles passing over a bridge. Carried.

That By-law 931, hving been read a First time, be considered read a Second and Third time, passed, signed and the Corporate Seal attached, being a by-law for the purpose of confirming By-law 18-74 of the Township of Lutterworth in the Provisional County of Haliburton to stop up, close and convey a portion of the original allowance for road between lots 25 and 26, Concession 6, in the Township of Lutterworth. Carried.

Whereas members of County Council are not satisfied with the proposed intersection design for the intersection of Highway #35 and Highway #121 north of Minden;

And Whereas we had Mr. D.M. Smith, Project Design Engineer of the Ministry of Transportation and Communications appear before the June session of County Council in 1973 which resulted in no changes to the proposed intersection; And Whereas County Council requested the Warden, Chairman of the Road Committee and the County Engineer to met with Senior Head Office Officials of the Ministry and this meeting washed on July 4th, 1974, with Mr. Richard Beckett, Parliamentary Assistant to the Minister, Mr. D. H. Smith, and Mr. S. McCombie, Manager of Systems

Design, North Bay;

And Whereas we have recent correspondence from Mr. Glen Hodgson indicating that the Ministry still intend to proceed with their original proposal for the layout of the intersection; And Whereas members of this Council strongly feel that the existing intersection has been quite satisfactory and is much superior to the proposed design by the Ministry; THEREFORE we request the Honourable William Davis, Premier of Ontario, to intercede on behalf of County Council to ensure that the motorists using this intersection will not be confronted with an intersection inferior to the present intersection. Carried.

Warden Fearrey requested reports on Hyland Crest Senior Citizens' Home, County Library, Property Committee, and Health Unit from the respective Chairmen.

The Warden introduced to Council Lutterworth Reeve-elect P. Conaghan and Cardiff Deputy Reeve-elect M. Peters, who were in the audience.

Be it resolved that a committee of Warden Fearrey, Mac McGillivray, and Gary Agnew be formed to meet with Mr. Glen Hodgson and gain information in detail regarding the mill licence being requested by Mr. G. Martin before the January session. Carried.

That S.G. Nesbitt, Gary Agnew, Murray Fearrey and the new Warden be the Steering Committee for 1975. Carried.

That Carol Finn be tendered a vote of thanks for the members of the County Council for her appropriate gift of Christmas Cards. Carried.

A short recess was called, and Council re-assembled for the presentation of a painting from Artist Bruce Mills, to remain in the

County Council Chambers as his Centennial gift to the people of Haliburton County - 'to every man, woman and child and their children's children'.

Warden Fearrey thanked Mr. Mills for his substantial contribution to the County, making history in this Centennial year.

Warden Murray Fearrey thanked members of Council for their support during a successful year with strides in advancement within the budget, and he wished well to those members who would not be on Council next year and would be missed.

The December County Council meeting was adjourned at 12:30 p.m.
